Dear Max,

We are happy to accept the offer of ISPRA functioning as an intermediary between us (Pat Deegan, PhD & Associates) and Israeli organizations or individuals interested in using our CommonGround resources.

Our understanding is that ISPRA is receiving requests for support in implementing the tools and technologies of our CommonGround Program. We believe ISPRA is well-placed to respond to these requests on our behalf and are grateful for this generous support.

Thank you,

Deborah Anderson, Managing Partner
